

# Xcom-HP v3.0

---

Readme:

This program uses the LibUsbDotNet library. You can download this library from <http://sourceforge.net/projects/libusbdotnet/>

If you get for some reason "Error !!", be sure that you installed your driver and the LibUsbDotNet library correctly.

With problems you can contact me at [twageman@users.sourceforge.net](mailto:twageman@users.sourceforge.net)
